PRODUCT LEAFLET

Projector fine adjustment

002.1600 Projector fine adjustment, excl. bracket & 2x Trigger clamp

We also offer a suspension device including fine adjustment for larger projectors. With our fine adjustment screw thread mechanism it is possible to continuously pan and tilt a projector for 20 degrees. Adjustments are instant and multiple projection is easily attained, saving the valuable time of technicians on location. The mount is electrically insulated and can also be ordered separately.

PRODUCT LEAFLET
